Heat4All ICONIC Heat & Light light frame

Heat4All ICONIC Heat & Light light frame

The Heat4All ICONIC Heat & Light light frame combines the benefits of our Heat4All ICONIC Infrared Heaters with modern LED technology. Dimmable and featuring a high Lumen output, our Heat & Light light frames bring additional moody lighting to your cosily heated rooms. The light function can, of course, be used separately from the heating function. The heating panel and light frame will be mounted by a professional electrician.
